Dati Coppia / Torque data

Attenzione: La coppia iniziale può essere inferiore dal 30% al 50% rispetto al valore nominale. **Warning:** The initial braking torque can be from 30% to 50% lower than the nominal value.

Dati Forza / Force data

NOTA: Il grafico riporta l'andamento della forza tangenziale al variare del coefficiente di attrito. **NOTE:** The diagram shows the braking force performance with different friction coefficients.
